The key milestones in this obsolescence process are:

1. Formal Customer Notification of Obsolescence on July 11th, 2014.
2. Orders for these products will be accepted through November 30th, 2014, with the exception of the PGC-100 and FC-TRI which are discontinued immediately.
3. All orders will be shipped no later than December 31st, 2014 unless negotiated otherwise.

Reason for obsolescence

Due to low sales volumes and no plans for product updates, StoneAge has determined that floor cleaners and paint grate cleaners are not a fit within our innovative product strategy.

Replacement part options

StoneAge will support wear items for the above assemblies for approximately two years, with the exception of the PGC-100 and FC-TRI which are discontinued immediately. Support parts may have a significant lead time and are subject to price change; please call for a quote to ensure proper pricing and to obtain lead time estimations.
